SAFETY

Mountain biking can be hazardous, with many trails at Mt Buller featuring unmarked obstacles and hazards. Full face helmets are required on all gravity tracks with the exception of Copperhead.

You are in an alpine environment - conditions can change quickly and sub-zero temperatures and snow do occur in summer. In case of emergency on cross-country/wilderness trails, phone 000 and quote the number on the nearest trail marker to the operator so they are able to locate you.

Emergency Marker
Certified as quote
MTB 001
